Ice Hockey, Now Part of BHS

Ice hockey is destined to be a real big thing around Berkeley High real soon. It got a good start this season due to the ambition and determination shown by the players, managers and supporters.

Since this is the first year BHS has had an ice hockey team, the team had to raise its own funds. Mr. Gary Howard, the team coach, expressed overwhelming gratitude for all the supporters of the team at their banquet at Lorry Blake's Anchor Restaurant Friday evening, April 19. I want to express my appreciation to Mr. Howard for his invitation to the team's dinner where I shared the joy of everyone present for Berkeley High's first ice hockey team.

The atmosphere was of happiness, appreciation, and gratitude as Coach Howard recapped the season, commented on each player, and handed out pictures and patches to all players. The patches were inscribed "BHS Ice Hockey Team, 1963 State Champs". BHS has the only organized high school ice hockey team in the state. A team trophy was also presented.

The team boasts three victories while having suffered three defeats and coming up with two ties. This is an excellent record for the team which was forced to compete against more polished teams, some out of the high school class.

While Mr. Howard talked, he radiated a glow of pleasure and pride which he experienced in working with the team. He expects only Mike Hare and Ray Kaufman to return next year from this year's team.

The 1963 BHS ice hockey team. Front row, left to right—Ross Miyazawa (manager), Mike Marian, Bill Haigwood, Doug Shipp, Mike Hare, Jim Harger, Ray Kaufman, and Mike McCarty. Back row—Joe Adams (manager), Charles Houghton, Mike Saxsby, Jimmy Mendillo, Paul Koehn, Gary Howard (coach), Don Lewis, Jack Mattson, Tom Casselberry, and Dave Palley.

B Swimmers Score Over Alameda

The undefeated "B" swimming team wrapped up another victory with a 55 to 26 margin over Alameda last Friday in the Berkeley pool.

There were three new Bee pool records set as the little Jackets captured seven of ten first places.

Although in a losing cause, Alameda set two of the three records.

Bob Greeley of Alameda broke the first pool record in the 200 free with a 2:15.1. This easily broke a two week old record by Berkeley's Tom Lambert by 6.7 seconds.

Lambert retaliated with a rec-

Five BHS Students Receive Scholarships

Five BHS students have been awarded scholarships by the State Commission for the academic year 1963-1964: Russell W. Chung, Jeanne D. Cook, Cheryl L. Kolander, Gail E. Lernerman, and Aune Van Dyke.

The winners were selected from approximately 16,000 applicants and were within the highest 7% of college aptitude.

ord time of 1:09.7 in the 100 individual medley which overshadowed the old record by a second.

A new pool breaststroke record was broken by Wallace of Alameda. His 1:13.9 broke Steve Garrit's 1961 record by 2.5 seconds.

New Constitution Near Completion Says Stryker

ASBHS Vice President John Stryker announced that the Constitutional revision committee will have the revised Constitution ready in about three weeks, at the BOC meeting, on Monday. The Board then discussed whether balloting should be done in the homerooms or at the all school election for the new constitution.

Coach Leroy Mims came to ask the BOC for money to enter the West Coast relays on May 11 at Fresno. Mr. Mims is taking 18 boys which is more than BHS has ever taken before. The BOC passed a motion granting the \$20 entrance fee but failed to pass a motion for a total of \$217.50 which would allow the boys to spend the night before returning in the morning. The motion was tabled until Rosemary LePage, Terry Harmon and John Stryker could find if there was a more economical means of transportation than the three cars that Mr. Mims proposed.

Juniors May Attend Summer School At Pepperdine College

Pepperdine College has announced that its summer session will be open to high school students who have completed their junior year and will run from June 24-August 30.

The undergraduate courses offered will be in Art, Music; Speech, Dramatic Art, Biological Science, Chemistry, Education, English, Home Economics, languages, Mathematics and Physics, Physical Education, Psychology, Religion and Social Sciences.

To qualify, students must have finished their junior year in high school and have an outstanding academic record and the personal recommendation of their principal. The tuition is \$28 per semester unit and students may live on campus at \$25 a week for room and board.

Applications are due by June 14, 1963. For further information students may see Mr. Wenrich in G8a.

"Junior," a monkey belonging to Mrs. Patricia Buehler of Berkeley, will be on hand to make rehearsals and the play "Inherit the Wind" more enjoyable for the students participating as well as the audience, when the senior class presents its play on May 17 in the Community Theatre.

Tickets are now on sale in the Accountant's office.

BHS To Institute Pre-Tech Program

Wide-spread changes in industrial occupations are taking place and new types of jobs are emerging due to the rapid technological development in American industry, according to Mr. Berruezo, head of the Industrial Arts Department at BHS.

To meet this challenge of changing industrial society, BHS is instituting a Pre-Technical Program in the Fall for L-11 students. The Program consists of a two-year sequence of four major courses - English, 1½ years of physics, ½ year of chemistry, mathematics through trigonometry, and technical laboratory (shop). Other courses normally given to the 11th and 12th grades in history, social studies, etc., complete the total school program.

Team teaching is an integral part of the program. Teachers work as a team to plan and evaluate the program and its results.

"It is reasonable to assume that the larger number of students participating in the program will set the two-year post high school technological program as their objective, but other objectives are open to them, such as apprenticeship programs," says Mr. Berruezo.
